

From Joy Agule

As of most of you know, I have been the Dining Site Coordinator for the Acton Boxborough and Maynard Meal Site. I have been working remotely since March. As the pandemic is clearly not going away and the Acton MOW program is growing, the role requires that I be on-site. Unfortunately, due to my medical conditions, my team of doctors has strongly recommended that I do not go back to work until a vaccine is available. As the meal site needs onsite leadership, Minuteman, and I have decided that we would separate ways, so there can be a new site leader to ensure continued program success.

Therefore, as of November 6, I will no longer be employed with Minuteman Senior Services. Also please note that my Minuteman email will no longer be effective as of November 6th.

You truly have all touched my heart and soul, and I am so grateful for being able to be part of your lives for the past 13 years! You have taught me so much about kindness, compassion, and patience, and helped me become a better person. For that I am forever grateful! You can be assured as soon as there is a vaccine you will see me popping into the COA, and I cannot wait until that day!

With much love and gratitude,
Joy
